

Hercules Street Park Upgrade

For further information on the Hercules Street Park Upgrade or the pop park visit www.qld.gov.au/northshore

Economic Development Queensland wishes to advise that Hercules Street Park upgrade works are scheduled to commence on Monday 19th March 2018.

During construction, Hercules Street Park will be closed to public access. All footpaths that surround the Hercules Street Park will remain open to pedestrian and cycle access. A temporary pop-up park has been provided for use as an alternative park while Hercules Street Park is revitalised.

The Wharf Close pop-up park is located at the old Eat Street site at the end of Wharf Close and will provide outdoor space including a dog-off-leash area, a grassed area and some children's play equipment.

For further information on the Hercules Street Park Upgrade or the pop-up park visit www.qld.gov.au/northshore
